

SOLAR SHIELD

Clear or Pigmented 100% Acrylic Exterior Wood Shield

Solar Shield is an evolution in coatings for exterior wood providing the ultimate deep penetration and water repellent protection in a user-friendly product.

Solar Shield is formulated with the latest in UV filtering technology and provides a beautiful natural tone, or custom tint, that will enhance the beauty of wood projects for years to come.

Solar Shield has been formulated for use on all exterior wood siding, log homes, fences, windows, doors, shingles, exterior furniture, and gazebos ...just to name a few of the many exterior wood uses.

Solar Shield is *tintable* and cleans up with soap and water.
